

Ventilated Patients

Refer within 1 hour if They
Meet Any of the GIFT Criteria:

- G** GCS \leq 5 or Grave Prognosis

- I** Injured brain or critical lung condition

- F** Family mentions donation

- T** Talk of comfort care, code status change, end-of-life

1-800-432-5405

Communicate with Versiti before you extubate:

For ALL ventilated patients
with anticipated death

If the family wants to extubate
immediately, create space
to allow for donation.

“... end-of-life is a process and
I need to notify some members of
the team before we can extubate.”

Call at time of death for tissue &
eye donation, even if patient was
previously referred for organ donation
