

Montgomery Educational Symposium on Hemostasis

Thursday, October 10, 2024 • 8:30 AM - 6:00 PM

Versiti Blood Research Institute • 8727 W Watertown Plank Rd • Wauwatosa, WI 53226

MESH 2024 is a one-day symposium that will highlight the most recent advances in von Willebrand factor (VWF) research and von Willebrand disease (VWD) stemming from the Zimmerman Program and will celebrate Dr. Montgomery's outstanding accomplishments in medical research, education, and patient care.
